| File/Ref No. | | Date | 04-Apr-2017 |

1.0 Historic Heritage

A review was undertaken of historic heritage registers for the study area for both a 40m wide corridor easement as well as a 1km buffered study area (Table 1).

- A total of 37 heritage items are located within the 40m wide corridor easement.
- All of these heritage items apart from one are locally listed within the Loddon Shire Council.
- One item (HO23) is listed with the Northern Grampians Shire Council.
- The majority of these items are either extant historic structures within local towns or remnants of early gold mining which the Loddon area is well known for.
- Many of the identified items within the 40m easement clip the easement and will not be directly impacted by the proposed project.
- Of the 37 items, eight items are either in close enough proximity or will be directly impacted by the proposed pipeline (Table 2).
- Two items will be directly impacted by the proposed pipeline: Street Channel, Reef Street, Wedderburn (HO263) and Wedderburn Town Centre (HO229). The Street Channel is uniquely at risk of being impacted being subsurface drainage infrastructure. Heritage Impact Assessments (also known as Statement of Heritage Impacts) should be prepared to understand impact risks and develop appropriate mitigation measures. (Note: the use of Skinners Flat Reservoir, identified in earlier works has been substituted for a storage at the West Waranga location. This will therefore avoid the requirement to construction through the township of Wedderburn, thus being able to avoid these heritage items.
- The remaining heritage items can likely be avoided by the proposed works, but will need to be groundtruthed as available spatial data either does not accurately map the boundaries of the item or is obviously incorrect.
- Only one item located immediately outside of the 40m Corridor (Wimmera Highway Brick Well - VHI# H7624-0270) may be impacted by the proposed project. This site is poorly mapped and will require groundtruthing.
- Recommendations for the management of these heritage items is provided in Table 2.

Table 1 Historic Heritage Register Search

| Study Area | Victorian Heritage Register Items | Victorian Heritage Inventory Items | Local Heritage Register Items |
|-------------------|-----------------------------------|------------------------------------|-------------------------------|
| 40m Corridor Area | 2 | 3 | 37 |
| 1km Corridor Area | 3 | 54 | 99 |

2.0 Aboriginal Heritage

The scope of this assessment did not include a review of the Victorian Aboriginal Heritage Register (VAHR) for Aboriginal archaeological sites as this has been undertaken as part of separate studies by Landskape 'Cultural Heritage Constraints Assessment' (2015) and Dja Dja Wurrung 'South West Loddon Heritage Investigation (2017). The Landskape report and Dja Dja Wurrung assessment has been provided with the referral on the basis they remain confidential. A request for the Dja Dja Wurrung report would need to be made to Dja Dja Wurrung as they have asked that the report remain confidential. A summary of potential Aboriginal heritage is provided below and reflects the recommendations identified in the above two studies.

The Study Area intersects with a number of features identified as Areas of Aboriginal Cultural Heritage Sensitivity. The majority of these are the standard 200m buffers around named watercourses, however it was also noted that a number of conservation reserves as well as likely registered Aboriginal archaeological sites are also present. Watercourses will be Horizontal Directional Drilled to avoid cultural heritage impacts.

Aboriginal archaeological sites (artefact scatters, isolated artefacts and scarred trees) are likely to be found in proximity to these watercourse features. Likewise where the soil type permits (sandy as opposed to clay), burials may also be present.

Figure 1 Aboriginal Cultural Heritage Sensitivity Areas – 200m buffers around named watercourses and Conservation Reserves

Figure 2 Aboriginal Cultural Heritage Sensitivity Areas - 50m buffers around registered Victorian Aboriginal Heritage Register sites – likely scarred trees

Table 2 Historic Heritage Items at risk of impact

| Study Area | VHI ID | LGA | Local Heritage ID | Heritage Item Name | Comment | Impact Risk |
|-------------------|------------|--------|-------------------|---|---|-----------------------|
| 40m Corridor Area | H7624-0112 | Loddon | HO85/ HO86 | Morning Star Co & Inglewood Government Battery | Heritage Item is mapped according to property boundaries but may extend across the study area. | Potential for Impact |
| 40m Corridor Area | H7624-0161 | Loddon | HO114 | Old Inglewood Lead Battery & Cyanide Works | Heritage Item is incorrectly mapped as being within the Study Area, but is actually located to the east of Boort-Kurting Road immediately outside the study area. Some archaeology may be present associated with this item. | Unlikely but possible |
| 40m Corridor Area | H7624-0163 | Loddon | HO116 | Bulldog Gully | Heritage Item boundary is poorly mapped. Likely to be within or immediately adjacent to study area | Potential for Impact |
| 1km Corridor Area | H7624-0270 | Loddon | | Wimmera Highway Brick Well | Heritage Item is within proximity to 40m Study Area | Unlikely but possible |
| 40m Corridor Area | | Loddon | HO65 | Phillip's brickworks, Brooke Street | Heritage Item may be impacted by proposed works | Potential for Impact |
| 40m Corridor Area | | Loddon | HO154 | Locomotive depot | Heritage Item immediately adjacent to proposed pipeline | Potential for Impact |
| 40m Corridor Area | | Loddon | HO155 | Former Railway house adjoining locomotive depot | Heritage Item immediately adjacent to proposed pipeline | Potential for Impact |
| 40m Corridor Area | | Loddon | HO229 | Wedderburn Town Centre | Pipeline runs through centre of curtilage, but is unlikely to impact listed heritage values of the Town Centre. However as the curtilage impacted, a statement of heritage impact may be required. Historic archaeology might be present in this area | Yes * |
| 40m Corridor Area | | Loddon | HO263 | Street channel, Reef Street | Heritage item curtilage will be impacted by project | Yes * |

Each of these heritage items will require on site investigation to determine the location of pipeline installation. The application of the principles of avoidance shall apply for all sites and a Heritage Advisor would be then used to inspect, delineate Heritage Item boundary and develop contingency protocols for unexpected finds.

* Further preliminary design will avoid construction through Wedderburn township (thus avoiding impact on HO229 and Ho263).

Table 3 Historic Heritage Items identified within the Study Areas

| Study Area | VHR ID | VHI ID | LGA | Local Heritage ID | Heritage Item Name | Comment |
|-------------------|--------|------------|--------------------|-------------------|---|---|
| 40m Corridor Area | H0276 | | Loddon | HO64 | EUCALYPTUS DISTILLERY | Heritage Item is located in the town of Inglewood. Although within the study area, proposed pipeline will not directly impact this item |
| 40m Corridor Area | H1143 | | Loddon | HO28/HO 73 | FORMER CHARLIE NAPIER HOTEL | Heritage Item is located in the town of Inglewood. Although within the study area, proposed pipeline will not directly impact this item |
| 40m Corridor Area | | H7624-0161 | Loddon | HO114 | OLD INGLEWOOD LEAD BATTERY & CYANIDE WORKS | Heritage Item is incorrectly mapped as being within the Study Area, but is actually located to the east of Boort-Kurting Road immediately outside the study area. Some archaeology may be present associated with this item. |
| 40m Corridor Area | | H7624-0163 | Loddon | HO116 | BULLDOG GULLY | Heritage Item boundary is poorly mapped. Likely to be within or immediately adjacent to study area |
| 40m Corridor Area | | | Loddon | HO153 | Grade crossing rails Vernon St | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO154 | Locomotive depot Heritage Item | Heritage Item immediately adjacent to proposed pipeline |
| 40m Corridor Area | | | Loddon | HO155 | Former Railway house adjoining locomotive depot Heritage Item | Heritage Item immediately adjacent to proposed pipeline |
| 40m Corridor Area | | | Loddon | HO229 | Wedderburn Town Centre | Pipeline runs through centre of curtilage, but is unlikely to impact listed heritage values of the Town Centre. However as curtilage impacted, a statement of heritage impact may be required. Historic archaeology might be present in this area |
| 40m Corridor Area | | | Northern Grampians | HO23 | Swanwater Homestead Ruins, Lot 2, LP 61763, Parish of Swanwater | Heritage Item is unlikely to be impacted |
| 40m Corridor Area | | | Loddon | HO231 | Former Police quarters, Calder Highway | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO233 | "Wedderburn" hotel, High St | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO234 | Former. Salvation Army Citadel | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO235 | Former Shire Hall High Street | Heritage Item will not be impacted by proposed pipeline |

| Study Area | VHR ID | VHI ID | LGA | Local Heritage ID | Heritage Item Name | Comment |
|-------------------|--------|--------|--------|-------------------|--|---|
| 40m Corridor Area | | | Loddon | HO236 | Former Court house, High St | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO237 | Former Wedderburn Junction station building, Market Square | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO257 | Former "Royal" Hotel, High Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO258 | Former Bank of Australasia, 86 High Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO259 | Former Wedderburn PO, High Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO260 | Former Methodist Church with schoolroom | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO261 | Former Rinder residence, 28 High Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO262 | Former "Commercial" Hotel, High Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO263 | Street channel, Reef Street | Heritage item curtilage will be impacted by project |
| 40m Corridor Area | | | Loddon | HO264 | Former Miner's Literary Institute, High Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO65 | Phillip's brickworks Heritage Item, Brooke Street | Heritage Item may be impacted by proposed works |
| 40m Corridor Area | | | Loddon | HO66 | "Aurora" Lodge, Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO67 | "Empire State" Hotel, Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO68 | Mechanics Institute, Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO69 | "Pelican" Hotel, 83 Brooke Street | Heritage Item will not be impacted by proposed pipeline |

| Study Area | VHR ID | VHI ID | LGA | Local Heritage ID | Heritage Item Name | Comment |
|-------------------|--------|------------|--------|-------------------|--|--|
| 40m Corridor Area | | | Loddon | HO70 | State Savings Bank, 69 Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO71 | Nixon's store, 39 Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO72 | "Wyreema", 35 Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO74 | "Advertiser" office, Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO75 | Porter's Drapery emporium, Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO76 | Southey's Newsagents, Brooke Street | Heritage Item will not be impacted by proposed pipeline |
| 40m Corridor Area | | | Loddon | HO77 | Jennings Shop, Brooke Street | Heritage Item will not be impacted by proposed pipeline |
