**Subject:** Ajax Road, Altona

Hi Steve,

Many thanks for showing us this site last Thursday. It was good to understand the area involved and the significant values on parts of the site.

As discussed, when they are available for circulation, can you please provide copies of the flora and fauna assessment and targeted survey reports to DSE and Council as well as concept plans outlining what development is proposed for the site.

This will assist DSE in providing preliminary comments.

Also, can you please remind me which species of Lomandra and Dianella we saw in the NW corner of the site (HZ7)?

kind regards,

**Julie Edwards** | Senior Biodiversity Officer | Environment & Water | Port Phillip Region | Regional Services
